**\*The correct cart must be placed properly at the curb by 7:00 a.m. on the assigned collection date.**

Contact MWM if there has been an issue with curbside pickup of your cart.  
MWM office: 204 822-0327

Contact the City of Morden if there is an issue with your carts, schedule, or fees for curbside service.  
204 822-4434

## Did You Know:

In an average summer week...

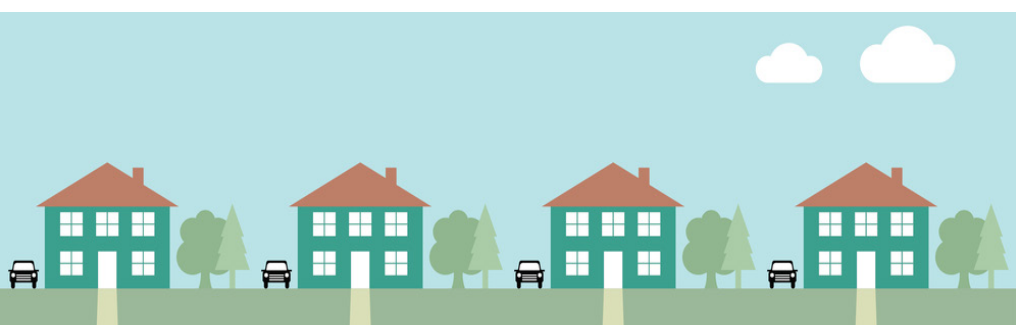

- 24,150 kilograms of compost is collected from all three zones.
- 19,560 kilograms of recycling is collected.
- It adds up 43,710 kilograms (96,364 pounds) of material kept out of the landfill.

Morden's recycling is taken to Gateway Resources in Winkler where it is sorted and sent away to be repurposed.

Compost is brought to a company in Morden, called Enviroclean to be turned into a useable product through an aerobic composting process which produces mature compost in 24 to 48 hours. The compost is then used on farmland in the area.

Municipal Waste Management opened a household and hazardous waste recycling depot in Morden in March 2017. They accept items such as paint/stain (in the original containers), empty paint cans, aerosols, paint stripper, BBQ lighter fluid, pesticides and other toxic material, furniture stripper, batteries, etc. This depot is open Mondays and Thursdays 1p.m. - 4 p.m.

Pembina Valley Containers offers drop-off for used oil and paint in the original containers, light bulbs, E-waste, copper, scrap metal (steel, aluminium, tin), and more. Their yard is open at 160 Grant St. Monday to Friday from 8 a.m - 5 p.m.

### Your Wheelie Bins Are Homebodies

The three wheeled carts and kitchen catcher compost bucket that the City of Morden provides to your residence are registered to that address and are intended to remain at that residence.

Newly constructed homes that have not yet received carts or a kitchen catcher compost bucket are able to attain a free set from the City of Morden. To order a set of carts for a new home, or if you have any questions, please call the City of Morden at **204-822-4434**.

### Upsizing Cart Sets:

If you currently have a set of small 120L carts, you may call the City of Morden to upsize your cart set.

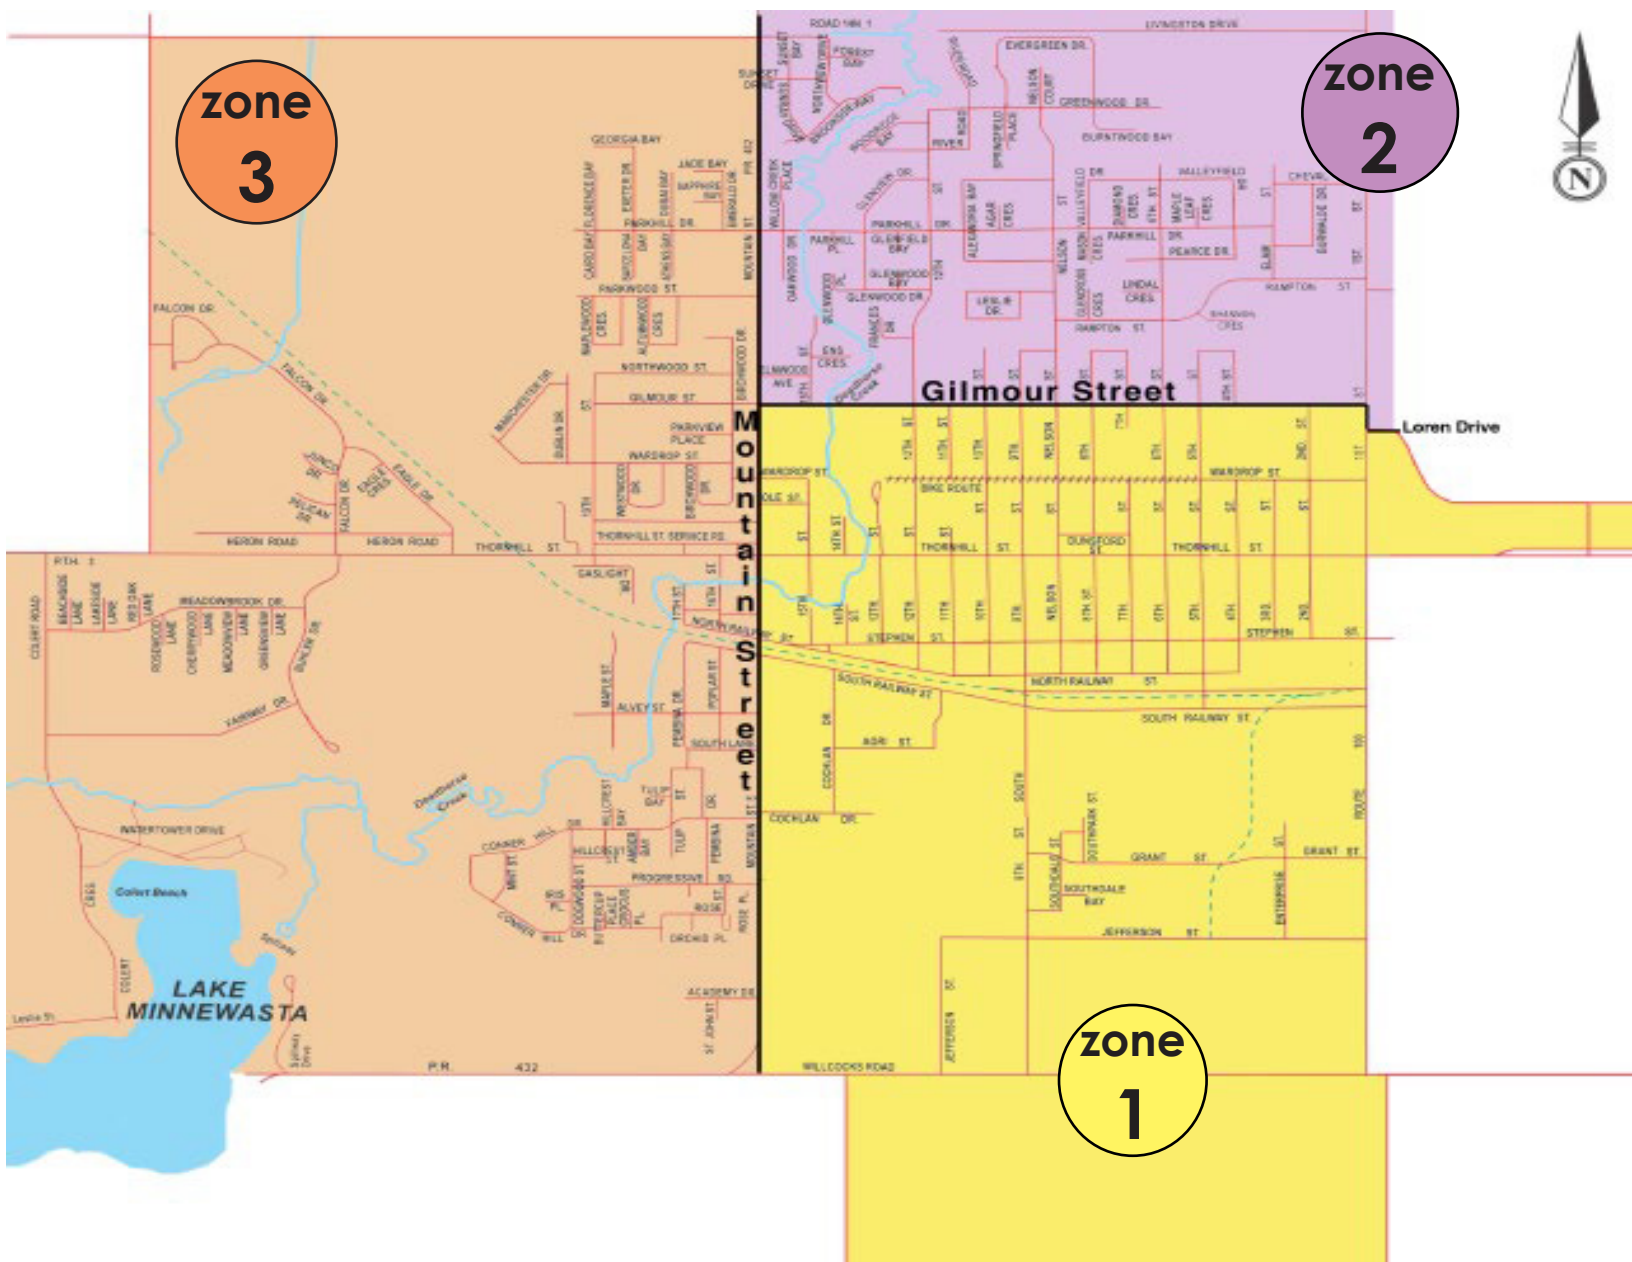

## Know Your Zone:

**ZONE 1** is south of Gilmour Street and east of Mountain Street.

**ZONE 2** is north of Gilmour Street or Loren Drive, and east of Mountain Street.

**ZONE 3** is west of Mountain Street.

To receive a collection day reminder, sign up on our website or call: **1-204-483-3986**

## Spring & Fall Yard Cleanup

The City of Morden offers free yard-waste collection twice per year. This system is intended to collect bulk yard waste items, limited to: branches and twigs from pruning, leaves that are bagged in certified compostable paper bags, and dead or unwanted garden plants.

The City of Morden does not collect items bagged in plastic. The paper compost bag is available at most hardware/grocery stores.

The Spring and Fall weeks are prescheduled and collection days will coincide with the zone schedule for the three-stream cart system, falling on the waste pick up day as follows:

### SPRING WEEK

- Zone 1 = May 14, 2019**
- Zone 2 = May 15, 2019**
- Zone 3 = May 17, 2019**

### FALL WEEK

- Zone 1 = October 15, 2019**
- Zone 2 = October 16, 2019**
- Zone 3 = October 18, 2019**

Residents may access the Willcocks Road Compost Yard at any time to drop off yard waste only. Other items that you would put in your green bin (such as food scraps or pet waste) do not belong in the Compost Yard; those materials are processed mechanically at a compost plant in Morden's industrial park.

### Throwing Out Your Old Mattress?

**WAIT!**

You can recycle it by bringing it to the regional SWAMP landfill site northeast of Winkler.

All mattresses brought to the landfill are taken to Mother Earth Recycling in Winnipeg to be disassembled and repurposed.

Since June 2017, nearly 1000 mattresses have been recycled and kept out of the landfill.

### Curb Cart Placement

Please note if your cart has been placed in a slightly different location after pickup. MWM will place the cart in such a way to illustrate a more suitable position for ease of future pickups.
